## Doon needs cash to avoid deficit

by Kathleen HARRISON

Canisoga College could have received \$200,000 in fiscal year 1982 if the provincial cash to provide a cut in the provincial income tax was not paid to the province.

Although a preliminary budget for 1983 has not yet been released, it is expected that the provincial cut in the income tax will be in the order of \$200 million. This means that the province will have to pay the cost of the cut in the income tax to the province.

It is expected that the province will have to pay the cost of the cut in the income tax to the province.

The province will have to pay the cost of the cut in the income tax to the province.

The province will have to pay the cost of the cut in the income tax to the province.

The province will have to pay the cost of the cut in the income tax to the province.

Doon and Kitchener colleges are facing similar problems.

Some programs will be funded by the province, but the rest will have to be paid for by the colleges.

Capital funds will be used to fund the rest of the programs.

The province will have to pay the cost of the cut in the income tax to the province.
